- There is no limit to the amount of multi-format (text, image, video, links) product information you can publish.
- Keep your presence fresh with product updates and press releases. These will also be published on the event's News page.

► Apply for inclusion in the Innovations Gallery

Position your company as an innovator! Apply for inclusion of a breakthrough product / products in the Innovations Gallery (subject to approval by the Innovations Reviewer).

► Invite customers & prospects, easily and efficiently

We make it really easy for you to invite guests via your chosen digital channels (e-mail, website, social media, electronic signature or personalised action code) with your personalised registration link.

If you need help getting started, get in touch!

You can also download a list of who used your link to pre-register - invite them to your stand and follow up after the event to maximise opportunities.

We provide highly professional ready-to-use marketing materials including invitations, web banners and event logos so you can efficiently promote your participation.

► Promote your products, paper-free via Smart Badge technology

Share information about your products & services effortlessly via a wireless reader on your stand. Smart Badge technology ensures you even reach visitors with whom you were unable to interact during the event.

By touching your reader with their Smart Badge, visitors get all the information listed on your online profile via email at the end of their visit. They even get suggestions of exhibitors they might have missed based on an AI-driven analysis of their profile and interest.

BOOST YOUR LEADS

If so, you'll be glad to know we've got you covered! Through our event app, you can seamlessly connect with customers, prospects, and potential partners before, during and after the event.
